From the National Intelligencer.

THE THIRD HOUSE OF CONGRESS—THE STAR-CHAMBER EXPOSED.

We cannot forbear recording our deliberate conviction that the object of instituting the Joint Committee of Fifteen, usually denominated the "Reconstruction Committee of Congress," was *to work a revolution*. We have repeatedly argued, in support of this opinion, from the acts and declarations of leaders, as we had public access to them. In the following communication, an additional and most important insight is afforded into the method whereby an artificial public opinion in the North should be manufactured, such as would render more plausible the preconcerted reasons to be assigned for a series of measures fatal to the liberties of the whole people:

From the Hon. William A. Graham, Senator elect from North Carolina.

FOR THE NATIONAL INTELLIGENCER.

The debate in the Senate, on yesterday, upon the order to print ten thousand copies of the report of the Joint Committee on "Reconstruction," detailing the evidence taken before that committee as to the condition of the political sentiment in the several States of the South, and their fitness for representation in Congress, in which allusion was made to the course pursued by the committee in reference to the State of North Carolina, and on application submitted by me that her members elect should be permitted to hear what might be alleged to her prejudice, and, if they deemed it proper, to cross-examine the witnesses against her, if any, and to adduce other testimony, renders it necessary that I ask of you the favor to publish the following correspondence. It was instituted solely for the attainment of truth, and thereby, as I trusted, to protect the character and rights of the State and people I was deputed in part to represent. The President of the Senate, at my request, had done me the honor to present my commission as a Senator elect.—Though it was laid on the table in conformity to precedents in other cases, and I was not admitted to the exercise of the functions it contemplated, it still, in my conception, devolved on me the duty, in conjunction with my respected colleagues elected to both Houses, to observe the proceedings of the public authorities and when occasion might seem to invite or justify it, to intervene for explanation, so far as it might be allowed, in defence of the interests and honor of our State and the fair fame of her people. Seeing that an order to authorize the committee to send for persons and papers had passed the Senate, on motion of its chairman in that body—Mr. Fessenden, of Maine—a proceeding understood to imply that evidence is to be taken, and a searching and thorough investigation to be had—I applied for leave to be present at the examinations pertaining to the State of North Carolina, as will be seen in the letters following:

HILLSBOROUGH, N. C. January 17, 1866.

Hon. Wm. P. Fessenden, Senate United States:

SIR: Observing that you are first-named in the Senate's branch of the committee upon the admission into Congress of members from the Southern States, and having forwarded to the President of the Senate, to be laid before that body, my commission as a Senator from North Carolina; perceiving, also, that the committee has been authorized to take evidence in the matters submitted to it by sending for persons and papers, I take the liberty of respectfully suggesting through you to the committee that it will be but justice, in the conduct of its proceedings in the premises, to permit the delegation elected from each State to be present at the reception of all evidence touching such State or any of its members, with the privilege of cross-examining witnesses and of introducing counter evidence, if they shall deem it proper.

And, for myself and my colleagues, I, with deference, request the exercise of this privilege in relation to all evidence having reference to the State of North Carolina or any of her members elect.

I am, with the highest respect, your obedient servant, W. A. GRAHAM.

My residence here is within twenty-four hours' journey of the Capital, and I will attend there at any time on notice from the committee.

WASHINGTON, January 29, 1866.

DEAR SIR: It is not customary to allow a cross-examination of witnesses before a committee appointed to report on a subject involving individuals. The committee is supposed to be desirous to ascertain the truth, and capable of making all the examination necessary.

The committee is quite willing, however, to examine any witness that may be produced, having a knowledge of the subject matter, to any reasonable extent.

The credentials of gentlemen claiming to be Senators have not been referred to this committee, and there is no probability that they will be.

Yours, very respectfully,

W. P. FESSENDEN.

Hon. W. A. GRAHAM.

HILLSBOROUGH, N. C. Jan. 27, 1866.

DEAR SIR: I am much obliged by yours of the 24th inst. I had supposed the province of your committee to embrace that of a Committee of Elections and Privileges, before which I take the rule to be, without exception, that persons claiming to be members are permitted to hear what may be adduced against their claims, and to bring forward countervailing evidence. If this supposition be not correct, by reason of the fact stated by you, that the credentials of gentlemen claiming to be Senators have not been referred, the question will recur, whether the right of a State to representation is not entitled to an equal privilege of defence by those whom she has chosen for that office.

I know not what, if anything, may be alleged against the right in question on the part of the State of North Carolina. I am satisfied that nothing can be alleged that ought to prevail; but until the objections and proofs are known, it is not possible to canvass them, or to offer contradictory evidence. My sole purpose is to aid the committee, so far as the State is concerned, in the ascertainment of truth, and to guard against *ex parte* testimony from unknown or irresponsible sources. If, therefore, the committee will at any time furnish notice of the points on which evidence is desired, or of prejudicial testimony which it is necessary to meet, my colleagues and myself will gladly avail ourselves of its permission to offer such relevant proof as may be in our power.

I am, very respectfully, yours,

W. A. GRAHAM.

Hon. WM. P. FESSENDEN, Senate United States.

To prevent misconception, I esteem it proper to remark that in giving these letters to the public, no reflection is intended on the motives of the committee, much less on those of its honorable chairman in the Senate, a gentleman with whom, through a personal acquaintance of many years, I have ever maintained the kindest and most respectful personal relations. But it is obvious that, from inadvertence, or a different view of the subject on the part of the committee, or from misapprehension on my part, I have been disappointed in the expectation of being allowed to hear what was imputed to my State as demerit, and of counteracting it, if I could—a mistake from which some injustice has resulted. My inference, from the correspondence, certainly was that the committee, when they should reach the matters touching North Carolina, would notify us of the points on which evidence was desired, and would afford an opportunity to apply to adverse testimony the ordinary tests of truth, as well as of combating it, if in our judgment proper to be done, by witnesses called by ourselves.

I was, therefore, surprised, a few days since, to learn that the committee had made report of the evidence taken by them, and obtained an order for its publication—a proceeding which, in a legislative body, as in a court of chancery, I presume, implies that all the evidence has been taken that it is designed to receive. This inference is confirmed by the application for and adoption of the additional order to print 10,000 extra copies. It imports that the case, as to the facts, is fully made up, and that upon these it is to be submitted to the judgment of the two Houses of Congress, and the still higher arbitrament of public opinion. Now, I most respectfully protest, that if, upon anything contained in all this evidence, the people of the State of North Carolina shall be condemned, or kept in a state of condemnation, it will be a condemnation without a hearing, when she was entitled to be heard.

Of all the testimony received by the committee, there is not a single affidavit having any specific reference to her; and there is room for hope that, from the absence of other evidence, she was not considered involved in any great degree of demerit or criminality, and it was not deemed necessary to prosecute the investigation any further on that account. But it cannot escape observation, that in a State of a million of inhabitants, the only witness called to speak of her condition, the sentiments and ruling motives of her people, should be Lieut. Col. Dexter H. Clapp, from one of the Eastern States, an officer of the Freedmen's Bureau at Raleigh, who states that he is conversant with the people in some twenty counties out of eighty-seven—a sojourner filling an office for which there will be no necessity in a short time to come, unless upon the theory that the government of the State will not do justice to its negro population in their new condition of freedom. I do not design to impeach the integrity of this gentleman. He is spoken of in terms of high respect by persons of our common acquaintance. It has so happened that I have not met him. But surely his opinions, loosely expressed, as they are in his affidavit, (and nothing more fully illustrates the importance of cross-examination than the want of precision in the language of his statement,) formed by intercourse, as he admits, among less than one-fourth of the people of the State; his vague statement of a design to repudiate the rebel debt, (what is meant by this I do not comprehend;) his sweeping assertion that "Union men and freedmen stand a poor chance for justice in the State courts," (an aspersion upon the judicial officers of the State recently chosen by a Legislature elected under the restricted system of suffrage ordained by the proclamations of the President and Provisional Governor, as well as an injustice to the general sentiment of the people,) are all too indefinite, and unsupported to serve as the foundation for any action or course of policy on the part of the Government towards the people of an entire State. Had I been so fortunate as to have had the attention of the committee, even after this affidavit was taken, I think I could at once have more than neutralized all the disparaging testimony of Col. Clapp, by requesting that there might be summoned another officer of the Freedmen's Bureau, some time on duty at Fayetteville, North Carolina, who had equal opportunities of observation, and I judge as much capacity for improving them. This is Major Lawrence, of Illinois, (I am told a brother of the chief justice of that State,) whose letter recently published on these topics I hope to append to these remarks, as well as the statement of Col. Clapp.

I had no design or wish to be examined as a witness myself. I should have considered myself rather as occupying the place of counsel or advocate of the State. And if the Committee had intimated a wish for such information, would have taken pleasure in furnishing them the address of gentlemen in every section of the State whose acquaintance, whose integrity, whose intelligence, whose loyalty and interests, and identification with the country, qualified them to speak of the condition of affairs and the state of feeling and opinion towards the Government of the United States with full knowledge; men whose ambition has been chastened by the fires of adversity, whose afflictions and sacrifices would satiate a generous foe, whose desire is to re-establish the constitutional relations of all the States with the Federal Union, and, as preparatory to this, to disarm the spirit of revenge and the remorseless passions engendered in a great revolution, which, by reason of its want of success, many are unable to distinguish from a petty rebellion.

And before Congress and the people, to which this evidence is submitted for their verdict and judgment, I respectfully claim that the State of which I am a citizen and a servant is not to be affected injuriously by any evidence received by this committee. She has in good faith submitted herself to all the requirements in that scheme of policy prescribed by the President from the Potomac to the Rio Grande; is obedient to every law of the Union; is with heavy sacrifices paying the arrearages of taxes of former years to the United States, as well as present levies, and not arrogantly, but confidently appeals to that sense of justice and those remembrances of ancient friendships which shall restore to her the full fruition of her rights as a State of the American Union.

BONE MANURE.

WARRANTED GENUINE.

BEING MADE OF THE BEST MATERIAL AND in the most approved manner, it is recommended to the public as superior to any other in the market. All who have used it speak of it in the highest terms of praise, and those engaged in its manufacture will continue their best endeavors to advance the high reputation which it has acquired.

We guarantee the Phosphate to be well manufactured, and recommend it in preference to any other artificial manure in the market. We consider it nearly equal to the best Peruvian Guano, although sold at half the price.

Messrs. R. H. Allen & Co., the well known manufacturers of agricultural implements, say of it:

"We take pleasure in stating that we have sold E. F. Coe's Super Phosphate of Lime for four years.—It has given universal satisfaction to our customers. We most cheerfully endorse it as an article worthy of the confidence of the public, and the purchaser may rely upon securing an article honestly and carefully manufactured.

"We would state that, after careful examination, we believe this Phosphate has been improved each year since its introduction in this market, and that it will continue to maintain its present high standing.

As its name imports, we have established the COSMOPOLITE upon no sectional basis. We hope to make it the organ of general literature alone; and will be uninfluenced by any party or clique whatever.

It will be mailed to subscribers in any part of the country upon receipt of the following

The "Central Directory,"—Statement of Gen. Fisk.

It is but seldom that any evidence, even the slightest, tending to exhibit the true state of Southern feeling, is allowed to appear before the Central Directory at Washington. When it *does* appear, it is rather the result of accident, than of either willingness or intention on the part of the inquisitors to admit it. These men are daily engaged in *manufacturing*, for their own vindicative purposes, a Southern sentiment, and then parading it before the country as the genuine manifestation of feeling.—The South are the *passive*, not the *active*, agents in this whole business. They are literally helpless at the foot of the conqueror; have honestly accepted the arbitration against them; have entered into solemn pledges for the future, which both honor and self-interest compel them to keep; and all they are now doing, or can do, is to wait anxiously and patiently to see which of the two policies is to decide their fate—that of the President or his relentless and bitter opponents.

But what we design is to call attention to a remarkable statement, made before the Star Chamber recently by Gen. Fisk, in the course of his testimony. There is no discount on the "loyalty" of Gen. Fisk, let it be remembered.—We subjoin an extract from the report of his evidence:

"Question. Is the sentiment of opposition to Freedmen general throughout the State?

Answer. It is not.

Question. To what parts of the State, or what classes of people, is it confined?"

Answer. Tennessee is peculiar; in no other State do you find the same sort of opposition as in Tennessee; my duties within the last eight months have called me through the five States of Kentucky, Tennessee, Alabama, Georgia, and Mississippi; I made an inspection tour through the three States below Tennessee, in addition to my own regular duties; it is a melancholy fact that among the bitterest opponents of the negro in Tennessee are the intensely radical loyalists of the mountain district—the men who have been in our armies; take East Tennessee, for instance; the great opposition to the measure, in the Tennessee Legislature, giving the negro the right to testify, and an equality before the law, has come from that section chiefly; in Middle Tennessee and in West Tennessee, the largest and the wealthiest planters of the old slaveholding population have more cordially co-operated with me in my duties than the people of East Tennessee.

Question. In what way does their opposition manifest itself?

Answer. In a desire that he should be entirely removed from the State, opposing his education and right to justice before the law."

Now, this, we have no doubt, is true in its application to Tennessee, but Gen. Fisk is mistaken in supposing that the state of things he describes is peculiar to that State. Pretty much the same sort of feeling exists in North Carolina. The bitterest opponents of the negro in this State—those who are by far the least disposed to see the privileges incident to his new relation accorded him,—are the "radical loyalists." This fact was abundantly demonstrated during the recent session of the Legislature.—While there were, of course, many, who agree with us in sentiment in other particulars, who thought it their duty to oppose the bill allowing the negro to testify in certain cases, yet we are fully warranted in the assertion that it encountered its most violent and decided opposition at the hands of the men of the "strait sect,"—such men as Blythe, Nicks, *et id omne genus*. Why we have even appealed to the *Standard*,—the organ of these gentry,—to define its position upon this question. But, as yet, we have called in vain. Like *Owen Glendower's* "spirits," that were invoked from the "vasty deep," it has not answered. It professes to be the friend of the President,—the "strait sect" falsely profess to be his peculiar champions,—and yet the one is silent, and the others, as a general rule, vehemently oppose and denounce what the President is known to regard as essential to the success of his policy of restoration!

Let the "Central Directory" make a note of these facts.

Gov. Graham's Letter.

We call attention to the admirable letter of Gov. GRAHAM to the Editors of the *National Intelligencer*, on our first page to-day. Gov. Graham shows up, in its true colors, the injustice of which our State has been the victim at the hands of the "Central Directory," and nobly vindicates the loyalty of our people.

Express Companies.

We will insert to-morrow, an article in defence of the Nat. Express Company against charges copied from the Charlotte *Guardian*. We take no part in the quarrel of the two Companies.

We are friendly to both of these Companies. Both have laid us under obligations by acts of kindness. We believe both are essentially necessary to the business of the country, and we believe that the whole country is deeply interested in the preservation and support of *both*. We want no such monopoly as either the Adams & Southern Express or the National Express Companies would be, if only one were sustained and kept in being. With their agents and lines of net work pervading the whole country, and with the immense amount of capital which either of them could wield, they would be positively dangerous to the country and the government, if its managers chose to make it an instrument of evil. Hence, we would not in any way contribute to the injury of either, but the benefit of both.

We repeat, *both* Companies are essential to the protection of the business of the country and its promotion. We are opposed to giving one any advantage over the other. All Legislatures, Railroads, Shipping lines, should treat both precisely alike, and impose upon each the same responsibility. Both *must* be kept up to protect the country against the extortion of a heartless corporation, and all attempts of the one or the other to force its competitor out of the field should be frowned upon by the whole country.

We hear of rumors of various kinds, in relation to the efforts of the Adams and Southern Express Company to run the National off the track—such as the offering a *bonus* to Railroads for special privileges, cutting down freight far below a living price, and recently, it is said, offering the National $2,000,000 to give up its charter. We do not know whether there is any truth in these rumors or not. If they are true, we hope the aims of the company will be defeated.

On the other hand, it is charged that the National Express Company has failed to require its stockholders to pay in the full amount of stock, thus rendering the hazards of the community greater who patronize it—that soldiers are not employed in preference to others, North and South, and that the company is not prompt in meeting its obligations. We know nothing of the truth of these charges. The first we consider a *grave one*. The Company should be forced either to comply with the letter of its charter or to give it up. The public must be protected against the failure of public carriers, and be guarantied entire indemnity against loss, and nothing short of paying in its full amount of stock should satisfy the public.

As to its employees, we insist upon the fulfillment of the pledges of the Company to the public, to employ soldiers of the Northern and Southern armies, all things being equal, in preference to others. But we are not disposed to join in the complaints made, because soldiers *alone* are not employed. Many good soldiers are incompetent clerks and managers. The interests of the public and the Company must first be consulted. Men, fully competent for its management, must be had, and if soldiers lack the requisite qualifications, of course they must stand aside. We should not be surprised if having too many *soldiers* about head-quarters and at other points clogs the machine and keeps it from working well.

The public need both Companies and it is of the highest importance that they be kept up. These are our views.

The President's Policy.

The representatives of the States should be LOYAL MEN, willing to abide by and be DEVOTED TO THE UNION AND THE CONSTITUTION OF THE STATES.

All responsible positions and places ought to be confined distinctly and clearly to men who are UNMISTAKABLY AND UNQUESTIONABLY LOYAL.—*President's Reply to the Virginia Committee.*

I hold it my duty to recommend the admission of every State to its share in public legislation when it presents itself in the persons of representatives whose LOYALTY CANNOT BE QUESTIONED under any *existing* constitutional or LEGAL TEST.—*President's Veto Message.*

I will put an end to the Freedmen's Bureau just as soon as the South, by proper action for the PROTECTION OF THE FREEDMEN, make it unnecessary.—*President's Interview with Gov. Cox.*

The *Standard* publishes the above as the President's policy. We stand squarely up to it. We know no position taken by President Johnson, in reference to the policy of reconstruction, which we do not most unhesitatingly stand up to.

Does the *Standard* support the President?—Does it admit the correctness of his position, when he says, "the representatives of the States should be *loyal men*, willing to abide by and be *devoted to the Union and the Constitution of the States.*" We stand by it. But the *Standard* does not. It requires another test—an illegal and unconstitutional test. The *Standard* is opposed to the admission of North Carolina unless it is represented, not by true men, who will support the Union and the Constitution,—not by men even who can take the "test oath,"—but by such men as Mr. Pool and Mr. Jones, whom it claims to belong to the "strait sect."

The President says he will put an end to the Freedmen's Bureau, when the States of the South, by proper action for the protection of the Freedmen, make it unnecessary. We stand up to that. The *Standard* does not. Giving the right to Freedmen to testify in our Courts is a principal step towards the removal of the offensiveness of the Bureau, but the *Standard* was opposed to it. President JOHNSON is for it, but Gov. Holden is against it. How can our neighbor claim to be a supporter of President JOHNSON's policy?

ALL THE CURRENT news of the day will be found properly condensed in our column of "General News."

Another steamer is about to sail from Mobile with emigrants for Brasil.

The Colleges and Schools.

One of the most encouraging signs of the times is the revival of the Schools and Colleges of the State. Our Female Schools, especially, seem to be pushing ahead. The following are in operation and doing well, we believe: St. Mary's, Raleigh, Warrenton, Kittrell's Springs, Louisburg, Murfreesboro, Oxford and Davenport Female Colleges, Lincolnton Seminary, Charlotte Academy, Glenn Anna Seminary, and Misses Nash and Kollock's school at Hillsboro. All these have been advertised in our columns, and we are glad to learn are doing so well. All of them are highly recommended. Besides these, the Baptist College, at Murfreesboro, Mrs. Wilcox's at Warrenton, Statesville College, and the Salem Academy, are all in operation.

The following account of the Kittrell's Springs College is from the pen of the Rev. Dr. Lee. We take from the Richmond *Christian Advocate*:

"KITTRELL'S SPRINGS COLLEGE

is located in Granville county, North Carolina, on the line of the Raleigh and Gaston Rail Road, and within a half mile of the depot bearing the name of this well-known watering place. Kittrell's Spring is extensively known for its medicinal qualities; and for some years past it has been the resort of multitudes in pursuit of health and pleasure. To meet these demands large provision was made in buildings varying in size and style from the single cabin to the capacious and beautiful hotel. There was sleeping room for more than four hundred persons. The grounds are tastily arranged; the country around open, rolling, and filled with an intelligent, honorable and religious people.—These grounds and buildings are no longer the resort of seekers of health and pleasure. They are set apart for the noble purposes of female education. During the past year.

THE REV. C. E. RIDDICK

so well and favorably known, in the two States, as a minister, and an educator of youth, first leased for a term of years, and then purchased the place; and opened it as a female College in September. He is assisted by the Rev. J. H. Riddick, Professor Hargrave, and an efficient corps of female teachers. Every department of female education is well officered, systematically arranged, and thoroughly prosecuted. The first term of the first session closed on the 20th of February. Commencing so soon after the close of the war, and in a country so ruthlessly impoverished, the number of students was as surprising as it was gratifying and full of encouragement. The present session, commencing on the 22d ult., shows an increasing promise of success. It was my good fortune to witness the closing concert; and it was highly gratifying; and, also, to watch the coming in of the new accessions to its ranks of happy faces and earnest students. When I left the list had reached seventy pupils: of these sixty-six were boarders. All cheerfull and happy, full of hope, and resolute in purpose to meet the high and ennobling behests of duty for which they, for a season, left home and its joys, to seek, in an educated mind, a better preparation for life's toils and trials. I know not the arts of flattery; and am poor in eulogy. I mean not to engage in either. But I may honestly commend Kittrell's Springs College as well-deserving the attention of those who have daughters to educate, and who seek, in supervision, solicitude and care, something akin to home and its influences, in the persons and characters of those to whom they commit so sacred a trust as the guardianship and education of their daughters. Its healing waters, its attractive walks, its comfortable rooms, its generous fare, its quiet seclusion, its attentive and able teachers, and its home-life and security, all, all commend it to the confidence of the public."

Decline of Gold.

The decline of gold, with an occasional slight spasmodic rebound, progresses steadily. The steady approximation of paper to specie is general. So far it falls of its own weight. The exportation of our productions, and of cotton, especially, has answered the purpose of gold in paying for our importations. The true way to bring about specie payments is promptly to restore the Southern States, pacify the country, and thereby increase the production of cotton and other things in the South. It is a pity the crazy and disorganizing Radicals in Congress cannot see this.

An Act to provide for the Payment of the State Debt, contracted before the War.

WHEREAS, It appears by the estimate of the Public Treasurer, that the debt of the State upon coupons now due on bonds issued under acts passed prior to the 20th day of May, A. D. 1861, is about the sum of two and a half millions dollars, and the coupons falling due, in the year 1866, will amount to about the sum of six hundred and fifty thousand dollars, and that the bonds of the State, due and to become due in the year 1866, amount to the sum of three hundred and sixty-four thousand dollars, making an aggregate sum of three millions five hundred and fourteen thousand dollars, of the public debt, which was contracted before the war, to be provided for during the present fiscal year: Therefore, in order to provide means to enable the Public Treasurer to pay said debts:

Be it enacted by the General Assembly of the State of North Carolina, and it is hereby enacted by the authority of the same, That the Public Treasurer be, and he is hereby, authorized and directed, to cause to be prepared and to sell bonds of the State, to an amount not exceeding the sum of three million, five hundred thousand dollars, for the purpose of paying the said debt, which bonds shall bear date the 1st day of January 1866, and be made payable thirty-four years thereafter, with coupons bearing six per ent. interest, payable at such places as the Public Treasurer may prescribe. The said bonds shall be of the denomination of one hundred, five hundred and one thousand dollars, and shall not be disposed of for less than par, and in all other respects shall be issued agreeable to the provisions of the 19th chapter of the Revised Code; and the said bonds and the interest accruing thereon shall be exempt from taxation.

Be it further enacted, That the Bonds of the State which were issued under acts passed prior to the 20th day of May, 1861, and which have aheady become due, or may become due before the 1st day of January, 1867, shall bear interest at the rate of 6 per cent. per annum from the time the same shall have or may become due: and,

Be it further enacted, That this act shall be in force from its ratification.

Ratified 10th day of March, A. D., 1866.

S. F. PHILLIPS,
Speaker House of Commons.
C. S. WINSTEAD,
Speaker of the Senate.

I hereby certify that the foregoing is a true copy of the original on file in this office.

Internal Improvement Bonds issued during the War.

We alluded, on yesterday, to the decision of the Attorney General relative to the funding of the past due coupons of bonds issued during the war, under Acts prior to May 20th, 1861. To-day we are enabled to present the correspondence upon the subject:

(CORRESPONDENCE.)

STATE OF NORTH CAROLINA,
Treasury Department,
Raleigh, March 16th, 1866.

Hon. SION H. ROGERS, *Attorney General:*

Sir:—The General Assembly, by an act ratified March 9th, 1866, directed the Public Treasurer to prepare and sell bonds for the purpose of paying due bonds and coupons on bonds "issued under acts passed prior to May 20th, 1861."

Classes of bonds authorized by acts passed prior to May 20th, 1861, were issued since that date, in 1861 and 1862, as follows:

1. Bonds for the benefit of the Wilmington, Charlotte and Rutherford Rail Road, $250,000, authorized by act of 1858, chap. 168, and 1860, chap. 142, dated April 1st, 1861, but actually issued July 1st, 1861, and Dec. 5th, 1861, payable in New York.

By an ordinance of the Convention, ratified June 28th, 1861, the Public Treasurer was directed to sign and issue these bonds for work already done.

2. Bonds in aid of the Wilmington, Charlotte and Rutherford Rail Road Company, authorized by an act of 1860, chap. 142, $950,000, issued July 1st, 1862, principal and interest payable in Raleigh. I find no act or ordinance passed since May 20, 1861, in regard to this issue, until Dec. 1865, when the bonds remaining in the hands of the said Company on the 1st day of December, 1865, were ordered to be renewed, and to be made payable in "money of the United States," instead of "money of the Confederate States."

3. $220,000 bonds for the benefit of the Western N. C. Railroad authorized by an act of 1854, chap. 228. By resolution of the General Assembly ratified Sep. 12th, 1861, the Governor was directed to instruct the Treasurer to issue said bonds.

4. $200,000 for the benefit of the Western Railroad Company, authorized by an act of 1860, chap. 137. The General Assembly by resolution ratified Aug. 24th, 1861, directed the Treasurer to issue said bonds.

There is another class of Internal Improvement bonds issued under the ordinance of the Convention ratified Jan. 30th 1862, for the benefit of the Chatham Railroad Company.

Of the above bonds, class 2, 3 and 4 are payable in Raleigh, in "money of the Confederate States of America." The coupons are not distinguishable from coupons of bonds issued under other acts passed during the war. They are payable in Raleigh in "dollars" without any qualification of that term.

Doubts have arisen in regard to my duties in carrying out the provisions of the said act of March 9th, 1866, commonly called the Funding act.

1st. Is either, or are all, of the above classes included in the foregoing description of bonds issued under acts passed before May 20th, 1861? In deciding this question I ask your attention to the preamble, which recites facts appearing in the report of Hon. Jonathan Worth, late Treasurer, in which report the said classes are enumerated as standing on the same footing as ante-war bonds. The act of March 9th, 1866, passed the House of Commons in December, 1865.

2nd. Assuming the above classes are included, what is the duty of the Public Treasurer in deciding as to the identity of the coupons? As said before, the coupons of internal improvement bonds where severed from the bonds cannot be distinguished from coupons of other bonds issued during the war.

3. By an ordinance of the Convention, entitled "*An ordinance declaring what laws and ordinances are in force, and for other purposes*," "all executory contracts, solvable in money, whether under seal or not, made after the depreciation of said currency before the first day of May, eighteen hundred and sixty-five, and yet unfilled, (except official bonds and penal bonds payable to the State,) shall be deemed to have been made with the understanding that they were solvable in money of the value of the said currency."

By an act of the General Assembly ratified March 12th, 1866, a scale of depreciation is established.

If you decide it is my duty to issue bonds for the coupons of the above classes, are they to be scaled, and if so, must the scaling be according to the value at the time the bond was issued or when the coupon was payable?

I will thank you for an early answer to the foregoing questions, as it is important that I should be informed as to my duty immediately.

Very respectfully,
KEMP P. BATTLE,
Public Treasurer.

RALEIGH, N. C., March 16th, 1866.

KEMP P. BATTLE, ESQ., Public Treasurer:

SIR:—Your letter of this date, submitting to my consideration questions arising out of what is called the Funding Act passed at the late session of the General Assembly, is at hand.

After stating the substance of the various acts and ordinances and classifying the bonds, you ask: "Is either, or are all, of the above classes included in the foregoing description of bonds issued under acts passed before May 20th, 1861?"

I am of opinion that the first, second, third and fourth classes mentioned by you, were issued under acts passed prior to May 20th, 1831. The resolutions of the General Assembly, ratified 12th Sept. 1861, and August 24th 1861, and the ordinance of June 28th, 1861, were merely directory to the Treasurer to do that which it was his duty to do under the acts of 1854, 1858 and 1860, and cannot in any sense be considered acts under which the bonds were authorized to be issued. I therefore conclude that it is your duty to issue bonds for the coupons past due on these classes.

Further, I am of opinion, that the bonds issued in pursuance of an ordinance of the Convention, ratified June 28th, 1861, for the benefit of the Chatham Railroad Company, are not embraced in the description of bonds intended by the act of Assembly ratified March 10th, 1866.

You ask, secondly, "what is the duty of the Public Treasurer in deciding as to the identity of the coupons?" As no rule has been provided by which you are to identify the coupons, and as they are similar in all respects to the coupons of bonds issued under acts and ordinances passed after 20th May, 1861, I think it will be safe for you to fund only those that are taken from the bonds in your presence.

Thirdly, you call my attention to an ordinance of the Convention declaring what laws and ordinances are in force, and for other purposes, and to the Act of Assembly ratified March 12th, 1866, establishing a scale of depreciation, and ask my opinion whether the coupons are to be scaled.

Looking at the history of the bill, which, I think, is proper to be considered in giving a construction to it, I am of the opinion, that the coupons cannot be scaled. The bill ratified March 10th, 1866 was introduced, and passed the House of Commons in December, 1865, and the preamble refers to the report of the late Treasurer, Jonathan Worth, in which he places the four classes above spoken of upon the same footing precisely as the old sixes. It recites the estimates of the late Treasurer, including the four classes of coupons and the coupons of the old sixes, and then makes provision for the funding of all, without any direction as to the scaling of any.

I am, with great respect,
SION. H. ROGERS,
Attorney General.

CITY AND STATE ITEMS.

NEW ADVERTISEMENTS.—Kellogg & Wheeler announce the arrival of elegant Spring and Summer Dress Goods.

B. P. Williamson & Co. advertise a variety of articles.

I. C. Howard advertises 1,000 bushels of Cotton Seed for sale. Mai. W. W. Vass is his agent in this city.

Jules Crawford has had a horse stolen, and offers a reward for his recovery and the apprehension of the thief.

MULES STOLEN.—Three mules were stolen from the stables of Dr. W. R. Miller, at his place on Marsh Creek, four miles from this city, on Sunday night last. This species of theft is of almost daily occurrence. It is to be hoped that some of the parties will be arrested, and that the Superior Court, which is to be held week after next, will make some salutary examples.

ALARM OF FIRE.—The City was alarmed by the ringing of the fire-bell about noon, on Sunday. The Planters' Hotel caught fire on roof, but it was speedily extinguished, without damage.

EDGECOMBE SUPERIOR COURT.—This tribunal was in session the past week,—His Honor, Judge FOWLE, presiding. A good deal of business was transacted. Capt. W. B. Biggs was appointed Clerk of the Court.

QUARANTINE.—Gen. Ruger has published an order, directing the establishment of a rigid quarantine, for the prevention of cholera infection, at Hatteras Inlet, Fort Macon, Fort Fisher and Fort Caswell.

WILMINGTON AND MANCHESTER R. R. Co.—The Directors of this Company held a meeting on the 16th., for the purpose of arranging the funding of certain bonds now held in this country and in Europe into mortgage bonds. There is at present an agent in Europe attending to the matter, and Maj. John W. Cameron was elected resident Financial Agent. The *Dispatch* congratulates the road upon having so able and efficient an officer to attend to their affairs.

THERE is to be a grand tournament in Wilmington on the first Thursday in April. Col. Robert Strange is Chief Marshal, and the Hon. Geo. Davis is to deliver the address to the Knights.

CROWDER ALLEN was mortally wounded by a negro stabbing him at Elizabeth City, N. C., last Monday. The negro was shot and badly wounded in trying to escape.

THE GALLANT DEAD.—Within the past week, the remains of Capt. Edwd. G. Meares and Lieut. Cicero H. Craig, two of the gallant Wilmington boys who were killed during the war, have been received in that city and finally interred with appropriate honors. "Thus," says the *Journal*, "our city gathers in, one by one, her jewels, to lay them side by side in their last resting place."

INDIANAPOLIS, March 16.—The Democratic State Convention to-day adopted resolutions denying the right of secession, approving of the reconstruction principles avowed by the President in his annual message, and solemnly condemning the action of the majority in Congress. They cordially endorse the veto, and pledge the President the earnest and disinterested support of the Indiana Democracy in all his conflicts with the fanatical Congress majority.

G. S. Lynch, a postmaster in North Carolina at the commencement of the rebellion, when communication between that State and the city of Washington was first interrupted, had in his possession between one and two hundred dollars in coin belonging to the government, which he buried for safety. Recently the Sixth Auditor of the Treasury for the Postoffice Department was informed by him of this fact, and that the money was at the order of the proper officer. A draft has accordingly been drawn for the amount in currency.

WASHINGTON, March 16.—The Captain-General of Cuba, in an official communication, denounces as untrue the statement made by Senator Sumner that freedmen from the South had been taken to Cuba and sold into slavery.

The marriage law of Pennsylvania is undergoing change. A simple agreement between the couple, in the presence of witnesses, has been held to be a legal marriage heretofore, but that sort of thing will be done away with, and the services of a clergyman or magistrate will now be required.

Mrs. Kasson, wife of Hon. John A. Kasson, representative in Congress from Iowa, was granted a divorce from her husband by the Des Moines District Court on Saturday last. Mrs. Kasson is a daughter of Hon. Thomas D. Elliott, representative in Congress from the first district in Massachusetts.

An attempt to assassinate Maximilian was made while he was at Cuernavaca. The man was arrested, but shortly afterwards released by order of the Emperor, who said to the minister of Justice, "I do not think that my life is in danger; the people of Mexico love me too well."

Since the passage of the law funding the interest of Virginia Bonds, Registered and Coupons, Registered Bonds have gone up to 50 and Coupons to 73.

"I have received several communications to the effect that there were being formed in the South secret organizations hostile to the government, *but my informants have, in every case, desired that their names should not be mentioned.*" *Gen. Thomas' Evidence before the Reconstruction Committee.*

It is evidence of the determination of the committee not to hear the truth, that they should receive such trash as this.

Says Congress, "Wa'al, guess if they never were out,
There's no call for letting 'em in."

SALISBURY BRASS BAND

REORGANIZED 1st January, 1866, on a larger scale than formerly, under the direction of its former tutor, W. H. NEAVE, who was also chief music writer and Band Teacher in Gen. Lee's army. He will be assisted in leadship and direction by his brother, Ed. Neave, leader during the entire late war of Gen. Lee's best and most favorite band, viz: 4th N. C. The Band is composed of the best members of the old Band together with the best members of several of the fine Bands trained by W. H. Neave, in camps, who have moved to Salisbury from all parts of Virginia and the State to follow their respective vocations and continue the study and practice of music. This Band will be a permanent institution for all State and festive occasions, and will equal the best to be found in the world, if sustained by those desiring a fine order of Brass and String music; if not, it must go down after this year.

W. H. Neave is also agent for the celebrated Dodworth Brass instruments, proved and warranted to him, and by him to others; also, the most pleasing, effective and popular Piano music, selected by his friends, H. B. Dodworth and Kent Bolsford, New York. For beginners, medium players, and advanced musicians, no trash for either.

Music composed and arranged to order for Parlor, Orchestral and Brass Band use for any kind and number of instruments.

Salisbury has been selected for Musical Headquarters for its central position.

AYER'S CATHARTIC PILLS,

Are the most perfect purgative which we are able to produce, or which we think has ever yet been made by any body. Their effects have abundantly shown to the community how much they excel the ordinary medicines in use. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they cure the every-day complaints of everybody, but also formidable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take, and, being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief, were they not substantiated by men of such exalted position and character, as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliabilities of our remedies, while others have sent us the assurance of their conviction that our Preparations contribute immensely to the relief of our afflicted, suffering fellow men.

The Agent below named is pleased to furnish gratis our American Almanac, containing directions for the use, and certificates of their cures, of the following complaints:

Costiveness, Bilious Complaints, Rheumatism, Dyspepsy, Heartburn, Headache arising from foul stomach, Nausea, Indigestion, Morbid Inaction of the bowels and pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with other preparations which they make more profit on. Demand AYER'S and take no others. The sick want the best and there is for them, and they should have it.

Prepared by Dr. J. C. AYER & Co., and sold by

Williams & Haywood, P. F. Pescud, Raleigh, N. C., and Dealers generally.

RALEIGH, 1866.

LIFE INSURANCE NOTICE.

THE old and well established

Ætna Company, of Hartford,

Offers superior inducements to all who wish to provide for family or friends.

All losses are promptly paid. No case of litigation has ever occurred with this Company. With assetts of $2,300,000, it offers to receive one half of the premium in a note and half in cash, and, after the second year, to credit each customer with the dividends of the Company, which are now 50 per cent. With a small outlay, $500, or $10,000, or $20,000, may be secured to the family after their earthly providers are taken away. What father or husband would not feel thankful on his dying couch, that he had availed himself of every proper means to place those nearest and dearest to him, above the pinchings of want, and a life of dependence upon friends or charity? 8819 policies have been issued from the office ending Jan. 15 1866. The total income for the year 1865 was $1,683 339 57, total disbursements $357 865 24, leaving a balance to surplus fund of $1 155 274 33.

In Raleigh a large number have liberally responded and promptly acted in this matter; yet many delay, and may wait until it is too late. A man in this city lately left his place of business for his evening meal, well and healthy, but never reached that home except as he was carried there to die. Had that man taken the advice of the Agent, he might have left $5000 to minister to the necessities of a sorrowing family. Delays are dangerous; procrastination destructive. But one says, "If I only had confidence in the Company that it would pay, I would insure." Well, it never has failed to pay, and to-day is more responsible than ever before. It is patronized by some of the most sagacious minds in the land—men competent to detect and expose any deception if it existed.

THIS valuable Manure has been before the agricultural public, under one name for twelve years past, and its character for vigor of action and permanence in effect is well established. Before the war, it was introduced, to some extent, in the Southern States, and was found to be highly adapted to

Cotton, Tobacco, and all Crops.

In its action, it is as quick as Peruvian Guano, while it does not leave the land in an exhausted state, but on the other hand permanently improves it. This has been fully proven by years of trial.

PROSPECTUS
OF THE

OLD NORTH STATE.

"The Old North State Forever."

THE undersigned will commence the publication of a Daily and Weekly Newspaper, bearing the above title, in the city of Salisbury about the 10th of March next.

The Old North State will be, under our control, a firm and decided Union paper. But while it will be firm and decided in its support of the Union, and of all just and necessary measures tending to its complete restoration, it will yet be liberal and conservative. It will oppose radicalism from whatever quarter it may come. Confiding in the loyal intentions of the great body of the people of North Carolina, it will endeavor to soothe the asperities of the past by promoting among them a spirit of reconciliation and harmony.

Rejecting the exploded dogma of *paramount* State sovereignty, it will cheerfully support the National government in the exercise of every power necessary to the maintenance of its rightful authority, while it will ever contend against any encroachments upon the reserved rights of the States.

It will discuss all the various political issues of the day, but in doing this it will seek to avoid everything like partizan bitterness or personal vituperation. It will also strive to avoid that detestable practice, so common among politicians, of pandering to the passions and appealing to the prejudices of the multitude in order to accomplish partizan ends. It will endeavor to enlighten and direct aright public sentiment, by disseminating correct information, and by arguments addressed to the understanding—in short it will endeavor to erect a high standard of political morality.

Its columns will be open for Political, Moral, Literary and Agricultural articles especially, and to the advertising public.

The *Old North State* will be printed on new type on the following

PROSPECTUS
OF
THE LOYALIST.

THE undersigned propose to publish in Louisburg, North Carolina, a newspaper under the above denomination. The LOYALIST, as its name imports, will yield a firm, uniform, and fearless support to the Constitution of the United States, and all laws enacted in pursuance of that great instrument. To the decisions of the Supreme Court of the nation, in such questions as originate in the interpretation or application of the principles involved in our federal jurisprudence or policy, the Loyalist will accord its unqualified acquiescence, as to the will of the American people, duly expressed through the only legitimate, determinate and sufficient medium. Its general politics will be those so long and so thoroughly taught by the patriotism, the eloquence, and the wisdom of Clay, and his departed compeers, and so fearfully vindicated by the present melancholy and helpless condition of the communities so recently arrayed in arms against the integrity and harmony of our national union.

The Loyalist would make the institutions and independence, the material and moral dignity of the nation, as enduring and as brilliant as the stars whose images adorn the field and the folds of its flag. The Loyalist will also dedicate its energies and exert its abilities to ascertain and cherish the interests, as well as to develope the immense resources of North Carolina. To the cause of education, the general diffusion of knowledge, the elevation of the masses, and the religious culture of all within its influence, it will be a consistent and inflexible friend. Its editorial department will be conducted by gentlemen whose names will be announced in due time.

The LOYALIST will be issued weekly, carefully printed, of the size of the Raleigh "Daily *Sentinel*," and furnished to patrons at $3.00 *per annum*, payable on delivery of the first number. Subscriptions and communications respectfully solicited.
